OSHA 10 Hour Safety Program

May 21st
 7:30 AM - 12:30 PM EDT
 May 22nd
 7:30 AM - 12:30 PM EDT

Vincennes University Jasper
 Center (VUJC)
 Auditorium
 850 College Avenue
 (Highway 162, South of Jasper)

Program Overview

This program is the mainstay safety program for today's industrial workplace. In addition to a review of the classic OSHA elements, this course will also cover all of the new OSHA regulations including changes to the Electrical Safety program, Hexavalent Chromium exposure rules, the new Employer Pay PPE Rule, and the OSHA Explosive Dust Initiative.

Meet the Instructors:

Larry W. Hilgeman, MS

As president and principal technical advisor of The Hilgeman Group, Mr. Hilgeman has trained over 4000 safety and manufacturing professionals on the OSHA 10 Hour program.

Jerry Roach

With over 10 years of safety management experience, Mr. Roach brings a valuable "real world" perspective to safety in today's fast-paced environment.

Trent Peyton, BSEE

As Director of Arc Flash Services for The Hilgeman Group, Mr. Peyton has nearly 20 years of electrical safety experience. Mr. Peyton heads up The Hilgeman Group's NFPA 70E Arc Flash Team.

Seminar Agenda

OSHA Update—New Regulations

- OSHA's New Explosive Dust Program
- OSHA Enforcement of NFPA 70E?
- New "Employer Pay" PPE Rule
